Product Features

- Working platform in compliance with EU Standard EN 131.7
- Fold-down pole-grip available in different lengths (200, 300, 400, or 500 mm) with optional wall wheels
- Integrated clam cleats and 10.5 mm diameter rope for securing stability legs
- Foot-operated integrated ladder stabiliser/leveller (with side transport wheels for all models up to 3.4 m folded length)
- Optional load spreading feet and ladder transport dolly (available for all models starting from 3.7 m folded length)
- Non-slip striated flat-top rungs
- Features a set of removeable stability legs in compliance with Portable Ladders with Integrated Working Platform EU Standard EN 131.7. Fitted to the pole grip after deployment in an X-shape configuration, the legs can withstand a lateral force of up to 30 daN
- Stability legs are one-piece for all models up to 3.4 m folded length and three-piece for all models starting from 3.7 m folded length

Special features

- Stabiliser/leveller for uneven ground
- Quick set-up time less than 3 minutes
- Rope extension ladder available in aluminium or composite

### Key Features
- **Ergonomic and Secure Working Platform**
- **Rope-Operated Double Section Extension Ladder**
- **Integrated Clam Cleats in Stiles**
- **Optional Load Spreading Feet**
- **Pole Grip Available in Different Lengths (200, 300, 400 and 500 MM) According to Use**
- **Set of Removeable Stability Legs**
  - One-PC for Models up to 3.4 M
  - Three-PC for Models 3.7 M or More
- **Stabiliser/Leveller Equipped with 2 Side Wheels for All Models up to 3.4 M Folded**

### Additional Information
- **ERGONOMIC AND SECURED WORKING PLATFORM**
- **OPTIONAL LOAD SPREADING FEET**
- **INTEGRATED CLAM CLEATS IN STILES**
- **ROPE-OPERATED DOUBLE SECTION EXTENSION LADDER**
- **INFORMATION AND PICTURES NON-BINDING V05**
